

## LEWKNOR CHURCH OF ENGLAND PRIMARY SCHOOL

## **Spiritual Development is the Heartbeat of Our Curriculum**

We believe children live up to their potential and flourish if they are happy, have fun, feel nurtured and grow from a foundation of strong Christian values. We value spirituality and the holistic development of the child. The school has a clear and secure understanding of spiritual development that is distinguishable from social, moral and cultural development and is shared by all stakeholders. Our role as educators is to guide the children in our care along the path of life. Our strong focus on nurturing individual talents ensures happy, curious and confident pupils who have a zest for life and learning.

As children grow in their understanding of spirituality and values are embedded, they become secure enough to make mistakes and therefore move on with their spiritual learning and academic growth.

In our school:

Spirituality is about being aware of yourself and the world around you – the wonder as well as the hardship;

Spirituality is about the 'wow' factor;

Spirituality is about values and beliefs - the big questions in life;

Spirituality is about emotions;

Spirituality is the heartbeat of our school. It is how we understand ourselves and our place in the world: recognising strengths, weaknesses and having the confidence to challenge ourselves.

We care for the local and global community and our Christian values underpin our learning and encourage our children to ask, reflect on and answer 'big questions'.
